

COVID-19 – SAnDRA Meeting Requirements

To reflect the COVID-19 situation, these are the SAnDRA Meeting Requirements.

Being respectful of all others at the SAnDRA Meeting, please ensure you can confirm a negative COVID-19 Lateral Flow Test (LFT) - or better - on the day.

As background, some of our SAnDRA Members may either be considered as vulnerable to infection or may have contact - outside of our meeting – with those who have Underlying Health Issues. By confirming that ALL attendees have returned a very recent Negative Test for COVID-19, everyone else at the meeting should feel safe from spreading and/or contracting COVID-19.

As everyone should be aware of the dangers of COVID-19 infections in our Community, please respect the health of others by observing these basic requirements.

Very 73 – SAnDRA Committee.
